Agenda item 97
Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction

Hungary: draft resolution

Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction

The General Assembly,

Recalling its previous resolutions relating to the complete and effective prohibition of bacteriological (biological) and toxin weapons and to their destruction,

Noting with satisfaction that there are one hundred and fifty-five States parties to the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction,[1] including all of the permanent members of the Security Council,

Bearing in mind its call upon all States parties to the Convention to participate in the implementation of the recommendations of the Review Conferences, including the exchange of information and data agreed to in the Final Declaration of the Third Review Conference of the Parties to the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction,[2] and to provide such information and data in conformity with standardized procedure to the Secretary-General on an annual basis and no later than 15 April,

Welcoming the reaffirmation made in the Final Declaration of the Fourth Review Conference[3] that under all circumstances the use of bacteriological

(biological) and toxin weapons and their development, production and stockpiling are effectively prohibited under article I of the Convention,

1. *Reaffirms* the call upon all signatory States that have not yet ratified the Convention to do so without delay, and calls upon those States that have not signed the Convention to become parties thereto at an early date, thus contributing to the achievement of universal adherence to the Convention;

2. *Welcomes* the information and data provided to date, and reiterates its call upon all States parties to the Convention to participate in the exchange of information and data agreed to in the Final Declaration of the Third Review Conference of the Parties to the Convention;[2]

3. *Appreciates* the significant participation of the States parties at the meetings of States parties and meetings of experts to date and the constructive and useful exchange of information achieved;

4. *Welcomes* the discussion and the promotion of common understanding and effective action on topics agreed at the Fifth Review Conference:[4] the adoption of necessary national measures to implement the prohibitions set forth in the Convention, including the enactment of penal legislation, and national mechanisms to establish and maintain the security and oversight of pathogenic micro-organisms and toxins in 2003; enhancing international capabilities for responding to, investigating and mitigating the effects of cases of alleged use of biological or toxin weapons or suspicious outbreaks of disease and strengthening and broadening national and international institutional efforts and existing mechanisms for the surveillance, detection, diagnosis and combating of infectious diseases affecting humans, animals and plants in 2004; and the content, promulgation and adoption of codes of conduct for scientists in 2005;

5. *Recalls* that the Sixth Review Conference was mandated to consider issues identified in the review of the operation of the Convention as provided for in its article XII and any possible consensus follow-up action;

6. *Welcomes* the convening of the Sixth Review Conference pursuant to the decision reached by the Preparatory Committee of the States Parties to the Convention[5] at Geneva from 20 November to 8 December 2006;

7. *Requests* the Secretary-General to continue to render the necessary assistance to the depositary Governments of the Convention and to provide such services as may be required for the implementation of the decisions and recommendations of the Review Conferences;

8. *Decides* to include in the provisional agenda of its sixty-second session, also in view of the outcome of the Sixth Review Conference, the item entitled "Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction".
